

STAIR LIFTS

If handling stairs in your home is difficult or unsafe, let us save you the trouble of struggling up and down. With smooth rack and pinion drive and battery power, our Stair Lifts will effortlessly take you up and down the stairway, even during a power outage. The neutral colors and modern appearance can coordinate with practically any décor, and its slim rail and carriage save room on the steps to allow others access past the lift.

Curved Stair Lift

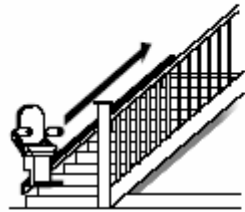

Curved Stair Lift that is custom fit to any staircase. Spiral staircases, fold-back stairs, 90/180 degree turns, and flat landings are no problem for our Stair Lifts. The innovative design of the makes it the ideal companion for anyone with mobility needs.
